

To the Board of Trustees
Florida Local Government Investment Trust

We are pleased to present this report related to our audit of the financial statements of Florida Local Government Investment Trust (the Trust) as of and for the year ended September 30, 2018. This report summarizes certain matters required by professional standards to be communicated to you in your oversight responsibility for the Trust's financial reporting process.

Generally accepted auditing standards (AU-C 260, *The Auditor's Communication with Those Charged with Governance*) require the auditor to promote effective two-way communication between the auditor and those charged with governance. Consistent with this requirement, the following summarizes our responsibilities regarding the financial statement audit as well as observations arising from our audit that are significant and relevant to your responsibility to oversee the financial reporting process.

Area	Comments
Our Responsibilities With Regard to the Financial Statement Audit	Our responsibilities under auditing standards generally accepted in the United States of America and <i>Government Auditing Standards</i> issued by the Comptroller General of the United States have been described to you in our arrangement letter dated September 17, 2018. Our audit of the financial statements does not relieve management or those charged with governance of their responsibilities, which are also described in that letter.
Overview of the Planned Scope and Timing of the Financial Statement Audit	We discussed with members of the Board of Trustees and the Trust's management various matters about which generally accepted auditing standards require communication. These include matters concerning two-way communication, our independence, the audit planning process, the concept of materiality in planning and executing the audit, our approach to internal control relevant to the audit, and the timing of the audit.

Area	Comments
Accounting Policies and Practices	<p>Adoption of, or Change in, Accounting Policies</p> <p>Management has the ultimate responsibility for the appropriateness of the accounting policies used by the Trust. The Trust did not adopt any significant new accounting policies, nor have there been any changes in existing significant accounting policies during the current period.</p> <p>Significant or Unusual Transactions</p> <p>We did not identify any significant or unusual transactions or significant accounting policies in controversial or emerging areas for which there is a lack of authoritative guidance or consensus.</p>
Management's Judgments and Accounting Estimates	<p>The preparation of financial statements often requires management to make estimates and assumptions that affect amounts recorded and disclosed in the financial statements. During our procedures, we did not become aware of any significant estimates that had a material effect on the financial statements. However, the Board of Trustees should evaluate financial activity throughout the year for changes in operations that could involve estimates, and in such cases work with management to identify and monitor the processes used to determine and account for such estimates.</p>
Audit Adjustments	<p>Audit adjustments proposed by us and recorded by the Trust are shown on the attached Exhibit A.</p>
Uncorrected Misstatements	<p>There were no uncorrected misstatements that management determined to be immaterial.</p>

Area	Comments
Other Information in Documents Containing Audited Financial Statements	Our responsibility for other information in documents containing the Trust's audited financial statements is to read the information and consider whether its content or manner of its presentation is materially inconsistent with the financial information covered by our auditor's report or whether it contains a material misstatement of fact. We read the Trust's Management's Discussion and Analysis and Schedule of Investments and performed certain limited procedures. We did not identify material inconsistencies with the audited financial statements.
Disagreements With Management	We encountered no disagreements with management over the application of significant accounting principles, the basis for management's judgments on any significant matters, the scope of the audit, or significant disclosures to be included in the financial statements.
Consultations With Other Accountants	We are not aware of any consultations management had with other accountants about accounting or auditing matters.
Significant Issues Discussed With Management	No significant issues arising from the audit were discussed with or the subject of correspondence with management.
Significant Difficulties Encountered in Performing the Audit	We did not encounter any significant difficulties in dealing with management during the audit. We received full cooperation and appreciate the assistance provided by the Trust's financial and accounting personnel.

Area	Comments
Letter(s) Communicating Significant Deficiencies and Material Weaknesses in Internal Control Over Financial Reporting	We have separately communicated any significant deficiencies and material weaknesses in internal control over financial reporting identified during our audit of the financial statements as required by <i>Government Auditing Standards</i> . This communication is included in the Other Reports section of the financial statements.
Significant Written Communications Between Management and Our Firm	See Exhibit B for a copy of the representation letter provided to us by the Trust's management.

This report is intended solely for the information and use of the Board of Trustees and management of the Trust and is not intended to be, and should not be, used by anyone other than these specified parties. It will be our pleasure to respond to any questions you have regarding this letter. We appreciate the opportunity to continue to be of service to Florida Local Government Investment Trust.
